### Product Description

#### Product Information

forklift driving cab has excellent all round visibility, adjustable full suspension seat, ergonomically laid out levers and pedals, which can bring you more convenient and comfortable operation experience, improve the comfort of your work.

### Product advantage

1

Strengthen multi-layer plate chain

Strong pull, easy lifting, thickening to prevent safety accidents

2

LED high quality lamp group saves electric

High strength, longer service life.

3

Hydraulic steering system

Make the steering smoother and quicker to ensure the safety of the driver

4

Large load fork

Safe and durable, large load-bearing, freely adjustable width according to the size of the cargo

5

Max comfortable seat

Humanized design, equipped with seat belts, comfortable driving reduces fatigue, improve efficiency while being comfortable

6

Thickened steel frame

Strengthen the steel frame to make the forklift more powerful and extend the service life of the forklift

7

Sturdy wheels

Chinese famous brand tires have long service life, solid tires can be replaced according to customer needs
